## Surface Area

Area is measured in squares: in this case $\mathrm{cm}^{2}$

The surface area of a shape is the areas of all its faces added up

| Face | Area |
| :--- | :--- |
| Front | $15 \mathrm{~cm}^{2}$ |
| Back | $15 \mathrm{~cm}^{2}$ |
| Side | $10 \mathrm{~cm}^{2}$ |
| Side | $10 \mathrm{~cm}^{2}$ |
| Top | $6 \mathrm{~cm}^{2}$ |
| Bottom | $6 \mathrm{~cm}^{2}$ |
| Total | $62 \mathrm{~cm}^{2}$ |
